

Water Supply Division

LEAD AND COPPER SAMPLING PLAN
Instructions:

1. This form is to be used by Public Community Water Systems (CWS) and Public Non-Transient Non-Community (NTNC) Water Systems. Consecutive Water Systems must also complete this form if they do not have an agreement with their wholesale system (please refer to the Lead and Copper Sampling Plan Agreement Form for more information).
2. Read the Lead and Copper Sampling Plan Guidance Document. Systems may also want to review the EPA Publication entitled "Lead and Copper Monitoring Guidance" (EPA-816-R-02-009) which can be found at www.epa.gov.
3. Complete all sections of the Lead and Copper Sampling Plan Form. Incomplete forms will be returned to the system. The owner or administrative contact on record for the system must sign the form.
4. Mail a signed copy of the form to the following address: Lead and Copper Rule Administrator, State of VT Water Supply Division, Old Pantry Bldg., 103 South Main St., Waterbury, VT 05671-0403.
5. The Division will supply a written decision on your plan. If your plan is not approved, please make corrections as requested and resubmit to the Division. Attach approval letters to your plan and file with water system records for easy referral.

Lead and Copper Sampling Plan Form	
System Information	
System Name:	System Type: <input type="checkbox"/> CWS <input type="checkbox"/> NTNC
